Is it a point for consideration that when the no of optional subjects is reduced to 2 under rule 1, if there be no corresponding increase in the no of compulsory subjects, there will be only 2 compulsory and 2 optional subjects The maximum no of marks on which the rank of the candidates has to be calculated was fixed at 500 when there were 5 subjects (2 compulsory + 3 optional), and now when there are only 4 subjects the maximum may be reduced to 400
